Report of the Superintendent of Schools

To the Superintending School Committee and Citizens of the Town of Bowdoinham :

I herewith submit the following report of the schools and school property of this town:

VILLAGE SCHOOLS

There were two changes in the corps of teachers at the beginning of the school year. Miss Annie M. Junkins was appointed to fill the vacancy caused by the resignation of Miss Edith Wiggin of the Seventh and Eighth grades, and Miss Emma Brawn was promoted from the Ridge School to the Fifth and Sixth grades, Miss Hazel R. Holden having resigned. The teachers all have not less than five years experience. By comparison of the work this year with that of previous years, I find that the schools are progressing in a very satisfactory manner.

RURAL SCHOOLS

The Fall term began with several changes in the schools, as only one of the former teachers returned, but we were very fortunate in securing efficient teachers to fill the positions of those who had resigned. The teachers who did not return to their schools were Miss Bertha Bickford, Jellerson; Miss Grace Brown, White; Miss Bertha Wiggin, Post Road; and Miss Emma Brawn, Ridge, promoted to a village school. Their places were filled by Miss Nellie Hatch, Mrs. Elizabeth Haynes, Miss Sarah Alexander, and Miss Bertha Blinn. At the close of the Fall term Miss Hatch and Miss Flagg resigned, and their places are being acceptably filled by Mr. Forest Douglass and Miss Edith Fulton.

One of the greatest problems of the rural school is

to retain the teachers any length of time, for the constant changing of teachers handicaps the pupils to a great extent. It will be necessary to make some arrangement to keep our teachers at least one year, even if it must be at an advance in salary.

ATTENDANCE

The attendance has been very good except when absence was caused by sickness, but it is necessary in some cases to call the parents' attention to the Truancy Law. There is just so much school work planned for each year, and this can be accomplished only by regular attendance upon the part of the child. Parents should remember that every day that their children are not in school they fall behind in their work, therefore impeding their own progress, and on their return to school to a certain extent keeping back other children on account of taking an extra amount of the teachers' time.

TEXTBOOKS AND SUPPLIES

It will be necessary to replace a great many of the old books with new copies as they are badly worn. Also there will have to be some supplies for the laboratory, but it will not be necessary to appropriate any more than was appropriated last year.

REPAIRS

I am giving below a statement of the repairs made during the year, also the condition and needed repairs on each building.

HIGH SCHOOL

There has been only a few repairs made on this building this year, but it will be necessary to paint it on the inside, also remodel the laboratory.

PRIMARY BUILDING

Nothing has been done in the line of repairs on this building, but before another Fall it will need painting both inside and outside and other minor repairs.

JELLERSON

It will be necessary to make only a few repairs on this building the coming year, as it has been painted and repaired both inside and outside.

BISHOP

This building has been painted outside and a new foundation built. The wall has been murescoed and other repairs made on the inside.

POST ROAD

The building has been painted on the inside; also the out buildings have been repaired, making this schoolhouse in very good condition.

RIDGE

The Ridge schoolhouse has been thoroughly repaired. It will not be necessary to make anything but a few minor repairs for some years.

WHITE

This building has been repaired and is in good condition, with the exception that it is very much in need of painting.

It will not be necessary for the town to appropriate any more for schools than in the past year, although the amounts asked for by the committee have been changed around so that the various departments will have sufficient funds for the coming year.

All the repairs suggested above should be made before another Fall.

In conclusion, I wish to thank the members of the Superintending School Committee, the teachers and citizens of the town for their support and the courtesy which they have shown me during the past year.

Respectfully Submitted.

E. R. BOWDOIN

Superintendent.
